WELCOME MESSAGE FROM THE NAPPSA PRESIDENT

A message celebrating 20 years of excellence, service, and global impact

KUNLE TOMETI

PharmD, FNAPPSA, FNaPHARM, FPSN

NAPPSA PRESIDENT

Dear NAPPSA Members, Colleagues, Partners, and Friends, On behalf of the Nigerian Association of Pharmacists and Pharmaceutical Scientists in the Americas, it is my great pleasure to welcome you to the 20th Annual NAPPSA Scientific Conference & Exposition in vibrant Aurora–Denver, Colorado. This milestone gathering marks two decades of excellence, collaboration, service, and global impact. It is an opportunity to honor our journey, reflect on our progress, celebrate those who have contributed to our success, and boldly embrace the future before us.

When I accepted the privilege of serving as President a year ago, I pledged to lead with integrity, transparency, responsiveness, and empathy. I committed to reinforcing professionalism, strengthening governance, empowering our members, and helping build a legacy worthy of NAPPSA's name. Today, I am proud to say that our collective efforts are bearing fruit.

A YEAR OF ENGAGEMENT, EMPOWERMENT, AND PROGRESS

Over the past year, we have taken meaningful steps to activate our committees, expand member engagement, and strengthen professional development throughout the Association. We have intentionally empowered our young professionals, providing opportunities for them to lead committees, contribute to decision-making, and bring forward new ideas and programs that strengthen NAPPSA.

Our committees are increasingly active, accessible, and empowered, reflecting the vibrant participation of members across disciplines, career stages, and generations. This renewed engagement continues to strengthen the professionalism, collaboration, and unity that define NAPPSA.

PROFESSIONAL & HUMAN CAPITAL DEVELOPMENT

Three Human Capital Development Webinars focused on member empowerment, leadership, career advancement, and personal growth, plus one Continuing Education (CE) Webinar supporting ongoing professional excellence.

INTERDISCIPLINARY COLLABORATION & MEDICATION SAFETY

We strengthened cross-sector collaboration, including NAPPSA's interdisciplinary presentation on Medication Safety, reinforcing our commitment to patient-centered care, professional collaboration, and improved health outcomes.

OUR 2026 CONFERENCE THEME: A CALL TO GLOBAL IMPACT

"Globalizing Innovations in Healthcare: Bridging Science, Access, and Impact" reflects both our responsibility and our opportunity.

Over the next several days, we will explore how innovation across pharmacy practice, research, education, industry, technology, and policy can be translated into meaningful improvements in healthcare access, equity, and patient outcomes. I encourage you to engage fully, build new relationships, reconnect with colleagues, exchange ideas, and identify opportunities for collaboration that extend beyond this conference.

PRESIDENTIAL WELCOME

Continuing the President's message • Celebrating leadership, impact, and the future of NAPPSA

2026 KEYNOTE SPEAKER

Oluyinka Olutoye, MD, PhD

Surgeon-in-Chief, Nationwide Children's Hospital

We are honored to welcome Dr. Oluyinka Olutoye, one of the world's distinguished pediatric surgeons, as our keynote speaker. Renowned for groundbreaking work in fetal surgery, his keynote will explore the evolution from fetal surgery to fetal therapy and the intersection of scientific innovation, healthcare access, and global impact.

SPECIAL GUEST OF HONOR

His Highness Ambassador Ahmad Nuhu Bamalli, CFR, LLD

Emir of Zazzau • Chairman, Kaduna State Council of Chiefs

We are equally privileged to welcome His Highness Ambassador Ahmad Nuhu Bamalli, Emir of Zazzau. A statesman, diplomat, and traditional ruler, His Highness brings a unique perspective on leadership, governance, community engagement, and healthcare access. His address will highlight how leadership and strategic engagement can shape health access and equity.

ENDOWMENT FUND & NAPPSA FOUNDATION

We proudly celebrate the continued growth of the NAPPSA Endowment Fund, now exceeding \$880,000, and the Annual Charity Ball, which has raised more than \$50,000 to advance the NAPPSA Foundation's charitable and community initiatives. These accomplishments reflect the generosity of our members and supporters and their commitment to advancing NAPPSA's mission.

As we celebrate twenty years of NAPPSA, let us reaffirm our commitment to service and social responsibility. Our collective expertise positions us to make a meaningful difference through mentorship, advocacy, health education, philanthropy, and corporate social responsibility initiatives.

ONE NAPPSA. ONE PURPOSE. ONE FUTURE.

Our strength lies in our collective commitment to excellence, service, innovation, and one another.

In this anniversary year, I call on every member to embrace our shared purpose and build on the legacy we have created together. United as One NAPPSA, we can strengthen our profession, expand our impact, and shape an even greater future for our Association.

With gratitude

I extend my heartfelt appreciation to the Executive Committee, Board of Trustees, Committee Chairs and Members, Sponsors, Exhibitors, Partners, volunteers, and the entire NAPPSA membership. Your dedication, service, generosity, and participation continue to strengthen our Association and expand our impact.

Thank you for joining us in Aurora-Denver for this historic 20th Anniversary celebration. I wish each of you an engaging, productive, memorable, and inspiring conference experience.

Warm regards,

Kunle Tometi, PharmD, FNAPPSA, FNaPHARM, FPSN
President, NAPPSA

WELCOME TO DENVER/AURORA

A Welcome Message from the Local Organizing Committee Chair

Harold Okocha, PharmD, MBA, C.P.M

Chairperson, Local Organizing Committee
Denver, Colorado, USA

Dear Colleagues, Friends, and Conference Participants,

On behalf of the Local Organizing Committee, it is our great pleasure to welcome you to Denver/Aurora, Colorado, for this year's conference. We are honored to host you and look forward to creating an experience that is both professionally rewarding and personally memorable.

This year's NAPPSA conference marks our 20th year of existence and it is an opportunity to bring together colleagues, experts, leaders, and friends from across our community to share ideas, exchange knowledge, build relationships, and shape the future of our field of pharmacy and pharmaceutical sciences. We hope the program will inspire meaningful conversations, new collaborations, and lasting connections.

A successful conference does not happen by chance. It is the result of months of thoughtful planning, coordination, problem-solving, and attention to detail. Our Local Organizing Committee has worked diligently to prepare the program, coordinate logistics, support our speakers and participants, and ensure that every aspect of the meeting is welcoming and productive.

We are especially grateful to NAPPSA President Dr. Kunle Tometi and his administration, our colleagues, volunteers, staff, NAPPSA-NCOC, the Local Organizing Committee, and all our supporters who have generously contributed their time, financial resources, expertise, energy, and enthusiasm to the success of this conference. Their commitment has made it possible to bring this conference to Denver/Aurora, and we appreciate everything they have done behind the scenes and throughout the meeting.

While you are here, we encourage you to take some time to experience the unique characters of Denver/Aurora. Enjoy our vibrant downtown, explore the city's restaurants and cultural attractions, visit the beautiful parks, or take in the spectacular views of the Rocky Mountains. Denver/Aurora offers a wonderful combination of urban energy, outdoor adventure, arts and culture, and Western hospitality. Whether you have an afternoon or a few extra days, we hope you will discover something that makes your visit special.

As we gather this year, we are also excited to look ahead. We warmly invite you to join us again for the 2027 conference in Oregon. Your participation, ideas, and continued engagement are what make this community strong. Thank you for being part of this year's conference and for making the journey to Denver/Aurora. We hope you enjoy the meeting, reconnect with old friends, make new ones, and leave inspired by the conversations and opportunities ahead. Welcome to Denver/Aurora, enjoy the conference, and we look forward to seeing you again in 2027!

Warmest regards,

Harold Okocha, PharmD, MBA, C.P.M

ACPE ACCREDITATION

This program has been assigned the following Universal Activity Numbers, 0691-0000-26-200-L04-P to 0691-0000-26-209-L01-P and has been accredited for a total of 18.0 contact hours (1.80 CEUs). Individuals may earn up to 17.0 contact hours. Attendees must register for the Conference, sign-in when required, actively participate throughout each activity, and complete and sign the Attendance Form (with an NABP eProfile Number and birth date) to receive credit. Participant's earned credits will be posted to the CPE Monitor Website 4 to 6 weeks after receipt of all Convention paperwork. All requests for Continuing Pharmacy Education Credits must be turned in by November 10, 2026.

Who Should Attend

Pharmacists, pharmaceutical scientists, clinicians, clinical scientists, and other professionals interested in pharmacy practice, pharmaceutical sciences, healthcare innovation, and collaboration between the United States, Nigeria, and the global health community.

Participation & CPE Credit

Attendees must register for the conference, complete required attendance verification, actively participate in each activity, and complete all required CPE documentation. Earned credit will be processed in accordance with the conference's ACPE/CPE procedures.

Program Disclaimer

Program information is accurate at the time of publication. NAPPSA reserves the right to make necessary changes to speakers, session titles, times, locations, or other program elements. Any updates will be communicated through official conference materials.

Registration Information

Conference registration includes access to applicable scientific and continuing pharmacy education sessions, exhibits, and conference activities as specified by the registration category.

Refund Policy

NAPPSA will refund all registration fees minus a \$75 processing fee if cancelled in writing 15 days prior to the conference commencement (September 2, 2026). There will be NO refunds after this date.

2026 Registration Fees

Registration Category	Registration Fee
NAPPSA Member — Full Conference (4-Day Conference + Gala Banquet)	\$475
NAPPSA Non-Member — Full Conference (4-Day Conference + Gala Banquet)	\$575
One Day Meeting Registration – Member (1-Day Conference + Gala Banquet)	\$275
One Day Meeting Registration – Non-Member (1-Day Conference + Gala Banquet)	\$300
Student Member — Full Conference (4-Day Conference + Gala Banquet)	\$250
Student Non-Member — Full Conference (4-Day Conference + Gala Banquet)	\$300
Banquet Gala — Add-On Pass (Spouses and Non-registered)	\$150

LEARNING OBJECTIVES

Session objectives are presented by conference day and session.

THURSDAY, SEPTEMBER 17, 2026

Session # 100: Bridging Pharmacy Education and Practice Innovation through Collaboration

By the end of this session, participants should be able to:

- Describe key gaps and opportunities in pharmacy education in Nigeria related to curriculum design, experiential training, and workforce preparedness.
- Identify key competencies and transferable skills required for successful career transitions within the pharmacy profession.
- Discuss barriers and facilitators that influence career movement across different pharmacy sectors.
- Evaluate strategies for preparing and positioning oneself for career advancement.
- Explain key value-based care delivery models and how community pharmacists integrate into these models.
- Identify specific clinical services provided by community pharmacists that contribute to value-based care outcomes.
- Define translational research in pharmacy and its relevance to patient care.
- Discuss examples of translational research projects that enhanced patient care in pharmacy settings.

FRIDAY, SEPTEMBER 18, 2026

Session # 200: Globalizing Innovations in Healthcare: Bridging Science, Access, and Impact

By the end of this session, participants should be able to:

- Analyze key trends shaping the future of healthcare innovation.
- Describe the challenges and opportunities involved in globalizing healthcare innovation.
- Identify strategies to improve equitable access to innovative healthcare technologies across diverse health systems and populations.
- Discuss models for fostering cross-sector partnerships that accelerate the movement from discovery to large-scale implementation and real-world impact.

Session # 300: Drug Development and Manufacturing for Access: Innovations That Reduce Cost, Complexity, and Risk

By the end of this session, participants should be able to:

- Identify current factors contributing to complexity and high cost of new and existing drugs.
- Apply strategies for integrating quality risk management and realistic drug development goals.
- Explain applications of seaweeds and natural products in nutrition, nutraceuticals, and human health.
- Examine the role of seaweeds in renewable energy and environmental sustainability.
- Describe applications of continuous manufacturing, process analytical technology, automation, and AI in improving pharmaceutical manufacturing and supply chain resilience.
- Evaluate benefits and challenges of continuous pharmaceutical manufacturing, including real-time release testing, sustainability, regulatory requirements, and workforce readiness.
- Assess emerging trends in standardization requirements for pharmaceutical products.

SATURDAY, SEPTEMBER 19, 2026

Session # 400: Pharmacy Business - Innovations: Models, Policy, and Technology for Access and Impact

By the end of this session, participants should be able to:

- Describe emerging pharmacy revenue models beyond traditional dispensing.
- Explain how technology and artificial intelligence impact retail pharmacy practice.
- Describe the policy framework and intent behind the Maximum Fair Price (MFP) program.

LEARNING OBJECTIVES

Session # 500: YP Session - Building a Borderless Career in Pharmacy and Pharmaceutical Sciences: Skills Young Professionals Need for the Future

By the end of this session, participants should be able to:

- Analyze key career decisions that shape diverse global career trajectories.
- Distinguish between short-term opportunities and long-term strategic career choices.
- Develop reflective questions to guide future career decision-making in a global context.

Session # 600 Keynote Presentation: From Fetal Surgery to Fetal Therapy: Globalizing Innovation Through Science, Access, and Impact

By the end of this session, participants should be able to:

- Describe the evolution of fetal therapy from pioneering fetal surgery to contemporary medical, pharmacologic, and genetic interventions.
- Review emerging transmaternal therapeutic strategies, including pharmacologic, biologic, and gene-based therapies, that offer less invasive approaches to treating fetal conditions.
- Identify opportunities and challenges for implementing accessible fetal therapies in low- and middle-income countries, particularly Nigeria and sub-Saharan Africa.
- Explore the role of multidisciplinary collaboration, pharmaceutical innovation, and implementation science in expanding equitable access to fetal therapies worldwide.

Session # 700: Pharmacy Practice - Transforming Health-System Pharmacy Practice: Access and Impact in Specialized Patient Care

By the end of this session, participants should be able to:

- Describe key technology enabled pharmacy services, including telepharmacy and digital care, and their role in improving patient access.
- Discuss how digital tools enhance medication safety and patient outcomes.
- Identify strategies to expand pharmacy access in underserved or rural populations through technology enabled solutions.
- Summarize leadership approaches to advance innovative pharmacy practice and optimize medication use systems within hospitals and health systems.

SUNDAY, SEPTEMBER 20, 2026

Session #800A: Developments in Clinical Therapeutics I

By the end of this session, participants should be able to:

- Describe how incretin-based therapies work and their future integration into broader clinical practice.
- Explain the relationship between dietary patterns and major cardiometabolic risk factors.
- Recommend evidence-based dietary strategies to improve cardiometabolic health.
- Describe the defining clinical and pathophysiological features of type 5 diabetes and how it differs from type 1 and type 2 diabetes.
- Summarize the evidence supporting undernutrition-associated diabetes as a distinct disease entity and the rationale for its classification as type 5 diabetes.
- Discuss proposed mechanisms, therapeutic management strategies, and research priorities for type 5 diabetes, particularly in low-income populations.

Session #800B: Developments in Clinical Therapeutics II

By the end of this session, participants should be able to:

- Describe the mechanism of action of bispecific antibody therapy.
- Apply safety and monitoring strategies for bispecific antibody therapy.
- Describe the molecular and cellular mechanisms underlying acute chest syndrome (ACS) in sickle cell disease.
- Discuss novel and investigational targeted therapies for ACS.

FACULTY: SPEAKERS

1. Ahmad Nuhu Bamalli, CFR, LLD — His Highness Ambassador and Emir of Zazzau; Chairman, Kaduna State Council of Chiefs, Zaria, Nigeria.
2. Anayo M. Ukeje, PhD, DIC — Associate Director, Global Pharmaceutical Technology, Product Development, Science & Technology, AbbVie Inc., Skokie, IL, USA
3. Azuka C. Oparah, PhD, MBA — Professor, Department of Clinical Pharmacy, University of Benin, Benin City, Edo State, Nigeria.
4. Bankole Aminu Ezebuilo, FPSN, MD — CEO, Kayhelt Pharma; Industrial Pharmacist Chairman of Nigeria, Lagos, Nigeria.
5. Charles Okechukwu Esimone, FAS, FPSN, FNAPharm — Prochancellor, European University of Nigeria, Anambra State, Nigeria.
6. Charlotte Wagner, PharmD, BCOP — Assistant Professor, Oncology Pharmacy, University of Colorado Skaggs School of Pharmacy and Pharmaceutical Sciences, Denver, CO, USA.
7. Chidebelu Ufodike, PharmD — Chief Operating Officer, Carnavio Inc, Cherry Hill, NJ, USA.
8. Ifeanyi Egbunike-Chukwuma, PharmD, BCPS — Director of Pharmacy Services, Luminis Health Doctors Community Medical Center, Lanham, MD, USA.
9. J. Valentine Okelu, FPSN — Managing Director/CEO, Neimeth International Pharmaceuticals PLC, Lagos, Nigeria.
10. Jane EB Reusch, MD — Professor, University of Colorado School of Medicine, Denver, CO, USA.
11. Jessica Angleson, PharmD, MBA, BCPS — Managing Network Facilitator, CPESN Colorado; Pharmacy Practice Advancement Lead, CPS, Denver, CO, USA.
12. Jude Nwokike, PhD, MSc, MPH, BPharm — CEO, EALI Access LLC, Rockville, MD, USA.
13. Kenneth Izuora, MD, MBA, FACE — Professor and Director, Endocrinology Fellowship Program, University of Nevada Las Vegas School of Medicine, Las Vegas, NV, USA.
14. Lisa Faast, PharmD — CEO, DiversifyRx, Southlake, TX, USA.
15. Meredith A. Hawkins, MD — Professor, Albert Einstein College of Medicine, Bronx, NY, USA.
16. Nkem P. Nonyel, PharmD, MPH, BCPS — Associate Professor, Howard University College of Pharmacy, Washington, DC, USA.
17. Nonye Onyewuenyi, PhD — CEO and Chief Scientific Officer, Noniks Analytics, Lawrenceville, NJ, USA.
18. Okezie Aruoma, MBA, PhD, DSc, FRSC — President/CEO, Global PharmHealth Investors Inc.; Professor, California State University, Los Angeles, CA, USA.
19. Olu Aloba, PhD, RPh — Vice President, CMC Services, Premier Research, Morrisville, NC, USA.
20. Oluyinka Olutoye, MD, PhD — Surgeon-in-Chief, Nationwide Children's Hospital, Columbus, Ohio, USA.
21. Samuel O. Adekola, FPSN, FNAPharm, IION — Senior Consultant, Ondo State Government of Nigeria; Program Director, ACPN-TGPDF, Akure, Ondo State, Nigeria.
22. Todd Raetz, MBA, MSPA, BPharm — CEO and President, Indispensable Health, Grass Lake, MI, USA.

FACULTY: MODERATORS & PANELISTS

1. Akin Akinseye, RPh, PSM, CSPO — Creative Director, SlimionRx.
2. Chinyere Onyebuchi, PhD, PMP — VP, Head of Oncology Portfolio Strategy and Operations, Takeda Pharmaceuticals, Cambridge, MA, USA.
3. Cyril Usifoh, FNAPharm — PSN; Professor, Department of Pharmaceutical Chemistry, University of Benin, Benin City, Nigeria.
4. Emilia Iwu, PhD, RN, APNC, FWACN, FAAN — NANNNA; Assistant Dean, Center for Global Health, School of Nursing, Atco, NJ, USA.
5. Felix Egbase, RPh — CEO, Aaron Pharmacy Inc., Las Vegas, NV, USA.
6. Gerald Muforo, PharmD, MBA, BSc — Walmart Pharmacy, Tampa, FL, USA.
7. Glory Uzunma Nosike, PharmD — CEO, Choice Pharmacy, Houston, TX, USA.
8. Ibrahim Babashehu Ahmed — PCN; Registrar, Pharmacy Council of Nigeria, Abuja, Nigeria.
9. Juliet Obi, PhD — Advisor, Biophysical Chemistry, Eli Lilly and Company, San Diego, CA, USA.
10. Kunle Tometi, PharmD, FNAPPSA, FNaPHARM, FPSN — President, Nigerian Association of Pharmacists and Pharmaceutical Scientists in the Americas Inc., Dallas, TX, USA.
11. Nedra Chijioke, PharmD, RPh — Medical Science Liaison, Takeda Pharmaceuticals, Chicago, IL, USA.
12. Nonye Nwaneri-Iwuchukwu, PharmD, BCOP — Oncology Pharmacist, Harris Health Smith Clinic, Houston, TX, USA.
13. Obinna Egbo, MD, FHM, FAAP, FACP — ANPA; President/Founder, Zion Medical Group, Gilbert, AZ, USA.
14. Olu Aloba, PhD, RPh — Vice President, CMC Services, Premier Research, Morrisville, NC, USA.
15. Patrick Nwakama, PharmD, BCPS — Senior Pharmacologist, U.S. Food & Drug Administration, Silver Spring, MD, USA.
16. Precious Okeke, PharmD, RPh, MSc — Assistant Professor of Pharmaceutical Sciences, Texas A&M College of Pharmacy, San Antonio, TX, USA.
17. Theresa Ofili, PharmD, MPH, RN — Texas A&M School of Pharmacy, College Station, TX, USA.
18. Toluleke Famuyiwa, PhD — Postdoctoral Research and Clinical Fellow, National Institutes of Health, Frederick, MD, USA.

POSTER SESSION MODERATOR: Juliet Obi, PhD

ABSTRACT 1

β -lactamase Profile of Orodonal Bacterial Isolates in a Dental Clinic of a Tertiary Hospital

Babaiwa UF¹, Sylvester Okhuelegbe Eraga SO²

¹Department of Pharmaceutical Microbiology, Faculty of Pharmacy, University of Benin, Benin City, 300001, Edo State, ²Department of Pharmaceutics and Pharmaceutical Technology, Faculty of Pharmacy, University of Benin, Benin City, 300001, Edo State, Nigeria.

Objectives: The rise in multi-drug-resistant strains of microbes has made the management of oral infections a global health concern. The study determined the bacteriology of patient's oral infections and their susceptibility to antimicrobial agents used in treatments at a study center.

Methods: A total of 94 patients, aged 0-86 years, diagnosed of various oral infections for tooth extraction in the dental clinic of the hospital through May-August 2024 were enrolled in the study. Collected surface and deep socket swabs from patients were cultured and tested against multiple antimicrobial agents using disk diffusion methods. Bacterial β -lactamase production was identified using the nitrocefin standard test.

Results: Patients between the ages of 21-30 years were most prone to tooth infections with acute apical periodontitis as the most common oral infection. *Neisseria* spp. (27.75%), *Enterococcus* spp. (23.7%) and *Streptococci* spp. (21.97%) were the most abundant isolates from the patients. Beta-lactamase activity showed that 63.01% of the isolates were positive with *Neisseria* spp. (28.44%) being the most abundant β -lactamase positive species. Antimicrobial susceptibility test revealed that the isolates were most sensitive to ciprofloxacin (90.17%) and least sensitive to chloramphenicol (49.71%).

Conclusion: *Neisseria*, *Enterococcus* and *Streptococcus* spp were the most prevalent β -lactamase producers amongst the bacteria isolated. Most isolates were susceptible to fluoroquinolones, hence the recommended drug of choice in the management of oral infections in the study centre.

NAPPSA GIVING & HONOR WALL

Recognizing every member, family, and friend whose generosity strengthens NAPPSA across every channel of giving.

With deep and heartfelt gratitude, NAPPSA honors the members, families, and friends whose generosity powers our mission across six channels of giving. Patron Members sustain the NAPPSA Foundation's work in professional development, mentorship, and scholarship. 2026 5K FundRacers carried the NAPPSA Endowment Fund toward its first \$1 million. Charity Ball guests, sponsors, and donors made an unforgettable evening of community service and social responsibility possible. AJPPS Focus Night supporters advanced NAPPSA's pharmaceutical science journal. Local Organizing Committee Fund donors helped bring the 20th Annual Conference to life on the ground in Aurora-Denver. And general supporters gave simply because they believe in where NAPPSA is going. Every gift, in every amount, moved this Association forward — thank you.

NOTES

CONGRATULATIONS TO NAPPSA

September 17-20, 2026

Aurora, Colorado

On behalf of Clinipharm, we extend our warmest congratulations to the Nigeria Association of Pharmacists and Pharmaceutical Scientists in the Americas (NAPPSA) on the **NAPPSA Scientific Conference & Exposition**.

This milestone celebrates 20 years of excellence, professional service, collaboration and global impact. We commend NAPPSA for advancing pharmacy and pharmaceutical sciences and strengthening healthcare through innovation and professional partnership.

Congratulations to the NAPPSA leadership, members, partners, sponsors, exhibitors, volunteers and Local Organizing Committee. We wish you a successful, impactful and memorable **20th Anniversary Conference**.

Holistic Home Health

Clinical Excellence. Person-Centered Care.

SERVING
FAMILIES
ACROSS
NIGERIA

QUALITY NURSING CARE IN THE COMFORT OF YOUR HOME

At Holistic Home Health, we bring hospital-grade nursing care directly to the comfort and privacy of your home. Our licensed registered nurses provide specialized clinical treatments tailored to support complete physical healing and overall well-being.

Your Health Our Priority.

Compassionate Care
for a Healthier Tomorrow

OUR SKILLED NURSING SERVICES

1. ADVANCED WOUND CARE MANAGEMENT

Our specialized nurses provide professional, sterile wound management to promote fast healing and prevent infection.

- Surgical wound care and dressing changes
- Pressure ulcer (bedsore) treatment and prevention
- Diabetic foot care and chronic wound management
- Negative pressure wound therapy (wound vacs)
- Post-procedure recovery monitoring

HEALING TODAY FOR A BRIGHTER
TOMORROW

2. IN-HOME IV THERAPY & INFUSION SERVICES

Receive necessary intravenous treatments safely at home without frequent hospital visits.

- Antibiotic and antiviral IV infusions
- Hydration and electrolyte therapy
- Pain management administration
- Central line, PICC line, and port care/flushes
- Medication administration and monitoring

SAFE. CONVENIENT. EFFECTIVE.

3. CHRONIC ILLNESS MANAGEMENT & SKILLED NURSING

Comprehensive medical support to help manage chronic conditions and complex treatment plans.

- Vital signs monitoring and health assessments
- Injection administration (subcutaneous & intramuscular)
- Catheter care and management
- Post-discharge hospital-to-home transition care
- Physician-guided care plan coordination

SUPPORTING LONGER, HEALTHIER LIVES

WHY CHOOSE HOLISTIC HOME HEALTH?

LICENSED & EXPERIENCED NURSES

All treatments are performed by fully licensed Registered Nurses (RNs) and Licensed Practical Nurses (LPNs).

WHOLE-PERSON APPROACH

We treat the individual, prioritizing emotional comfort, family peace of mind, and clinical safety.

FLEXIBLE & RESPONSIVE SCHEDULING

On-demand and scheduled visits tailored to your medical needs.

READY TO SCHEDULE A NURSING VISIT?

A STRONGER TOMORROW

Congratulations!

Warmest congratulations to NAPPSA
on the celebration of its **20th Anniversary!**

Two decades of excellence, professional
leadership, collaboration, and commitment
to advancing pharmacy and pharmaceutical
sciences is truly a remarkable achievement.

As NAPPSA celebrates this important milestone,
I commend its leadership and members, past and
present, for their dedication to strengthening the
pharmacy profession, empowering professionals,
and positively impacting healthcare in Nigeria,
North America, and beyond.

May this 20th Anniversary mark the beginning
of even greater accomplishments, stronger
partnerships, and many more years of
outstanding service and impact.

A LEGACY OF SERVICE
A BRIGHTER TOMORROW

Congratulations
to
NAPPSA
on your
20th Anniversary

We celebrate NAPPSA on this remarkable milestone of 20 years of excellence, service, and impact. Your unwavering commitment to advancing pharmacy practice, pharmaceutical sciences, education, and healthcare delivery has made a lasting difference in our communities and beyond.

May the next 20 years be even more impactful, with greater achievements, stronger partnerships, and continued progress in building a healthier world.

*Congratulations once again
and best wishes for a brighter future!*

Why Health Mart?

YOUR PHARMACY, YOUR WAY

Health Mart® bolsters your independence by providing innovative tools, technologies and expertise to help your business thrive so you can focus more on what matters most – caring for your community.

Backed by the strength of McKesson, being a part of the Health Mart franchise provides support for your pharmacy through:

- ✓ Business operations
- ✓ Financial strength
- ✓ Patient care
- ✓ Marketing/front end
- ✓ Advocacy efforts

When you succeed, we succeed.

Health Mart's services, programs and expertise will help you practice at the top of your license with the flexibility to support the distinct needs of your community.

Want to become a Health Mart franchisee?

Call **855.458.4678** or visit [healthmart.com](https://www.healthmart.com).

Already a Health Mart?

Visit [myhealthmart.com](https://www.healthmart.com) or email operations@mckesson.com to take advantage of our partnerships and resources.

“

The most important thing as an independent pharmacist is that we have the flexibility to really do what's best for our patients.

We enjoy the flexibility of being independent, but I am a pharmacist by nature, not a businessperson.

Health Mart and McKesson make the most of my independence by providing the tools and support that we need.
